ABSTRACT

Please provide a short description (max. 50 words) of the workshop.

Categories and Subject Descriptors

D.2.8 [Software Engineering]: XXX—*provide ACM categories here*

General Terms

ACM Terms here

1. WORKSHOP THEME, GOALS, AND RELEVANCE

Briefly describe the workshop theme and its goals. Please provide a clear statement of why the members of the ICSE community will be interested in this workshop and what impact your workshop will have on them. Also state your success criteria for the workshop.

2. ORGANIZATION

Please indicate the names of the workshop chairs and provide a short biography for each of them, highlighting past workshop, conference, or other relevant organization experience (if any). Please also indicate other organizing committee members (if any) and a tentative program committee (if appropriate).

3. WORKSHOP FORMAT

Please describe how you plan to structure the workshop (e.g., paper presentations, invited talks, working sessions, panels, etc.). Briefly explain how this format will aid in achieving the workshop’s goals.

4. WORKSHOP PROPOSED LENGTH

Please specify (1 day or 2 days).

Permission to make digital or hard copies of all or part of this work for personal or classroom use is granted without fee provided that copies are not made or distributed for profit or commercial advantage and that copies bear this notice and the full citation on the first page. To copy otherwise, to publish, to post on servers or to redistribute to lists, requires prior specific permission and/or a fee.

Copyright 200X ACM X-XXXXX-XX-X/XX/XX ...\$10.00.

5. ESTIMATED NUMBER OF PARTICIPANTS

Please provide an estimate of the number of participants and justify your answer.

6. SUCCESS INDICATORS OF PREVIOUS EDITIONS

If this workshop has been run previously, please describe where and when the workshop was held, the number of submissions it received, and the number of attendees.

7. CHANGES FROM PREVIOUS EDITIONS

If this workshop has been run previously, please describe any new or different aspects of the proposed ICSE 2010 workshop with respect to previous editions (e.g., differences in objectives, format, planned output, etc.).

8. PREFERRED DATES

The following dates are possible for workshops: May 2nd, 3rd, and 4th preceding the conference; May 8th following the conference. Currently the following co-located events are scheduled:

- MSR 2010 (May 2-3 2010)

What is your preference for dates? Give us your top 2 choices, indicating #1 and #2.

9. PLAN FOR ADVERTISEMENT

The goal of the Workshop Co-Chairs is to give you early acceptance information (by October 19, 2009) so that you can publicize your workshop and solicit a solid set of submissions. Please provide a clear plan for advertising, publicizing, and/or otherwise attracting attendees to your workshop.

10. PAPER PUBLICATION

For workshops that expect to accept papers that should be published in the ICSE Companion proceedings, the suggested submission deadline will be around January 20, 2010, the notification date around February, 15, and the camera-ready copy around February, 25. Do you expect to accept papers that should be published in the ICSE Companion? (Please note: if you answer yes, your workshop will have to adhere to the deadlines for submission and notification that will be suggested by the Workshop Co-chairs. This to

ensure that your authors can make the camera-ready copy deadline).

11. COPYRIGHT TRANSFER TO ACM

In case you have answered “yes” to the previous point, you may have the option of letting the authors of your workshop to retain the copyright for their papers or, as usual, to transfer it to ACM. What’s your preference?

APPENDIX

A. PRELIMINARY CALL FOR PAPERS

Please provide a one-page preliminary call for papers for this workshop.
